

The HP Enterprise Experience

Ambassador | Gold Partner | ASE | MASE

PC Corp's relationship with HPE extends back over 25 years and our practice has made a specialty of HPE products and solutions. Our **HPE Master Accredited Solution Experts (MASE)** allow us to expertly deliver tailored HPE solutions and configurations to help transform your business.

HPE Solutions Expertise

- Assessments - Using Assessments Foundation (previously SAF) tool to analyze VMWare and storage environments, we interpret results and recommend solutions.
- Roadmap presentations
- Whiteboarding and Architectural Discussions
- Deep working knowledge of competitive products such as EMC, TSM.

HPE Partner Ambassador Program

As **one of 8 HPE World Wide Partner Ambassador members in Canada**, our inclusion speaks volumes to the technical talent at PC Corp.

PC Corp has HPE focused resources committed to learning and evangelizing the HPE strategy with our peers and customers. We have an infectious passion for IT.

The purpose of the HPE Partner Ambassador program is to deepen the vendor/partner relationship to foster better collaboration and communication and to influence future technology direction at HPE.

HPE Technology Showcase

PC Corp boasts the **LARGEST HPE Focused Technology Showcase in Canada** and with it we provide our customers product demonstrations, training, discuss HPE strategy, and design HPE solution roadmaps.
