

# The HP Enterprise Storage Experience

Ambassador | Gold Partner | ASE | MASE

PC Corp's relationship with HPE extends back over 20+ years and our practice has made a specialty of HPE products. Our **HPE Master Certified Team** allows us to expertly deliver HPE solutions and configurations that will transform your business.

## HPE Storage Solutions Expertise

- Assessments - Using Assessments Foundation (previously SAF) tool to analyze VMWare and storage environments, we interpret results and recommend solutions.
- Roadmap presentations
- Whiteboarding and Architectural Discussions
- Deep working knowledge of competitive products such as EMC, TSM.

## HPE Partner Ambassador Program

As **one of 9 HPE World Wide Partner Ambassador members in Canada**, our inclusion speaks volumes to the technical talent at PC Corp.

PC Corp has HPE focused resources committed to learning and evangelizing the HPE strategy with our peers and customers. We have an infectious passion for IT.

The benefits of the Partner Ambassador program for us is to deepen the relationship to foster better collaboration and communication and to influence future technology direction at HPE.

## HPE Technology Showcase

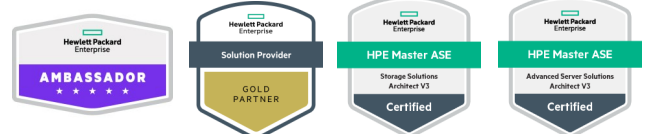

PC Corp boasts the **LARGEST HPE Focused Technology Showcase in Canada** and with it we provide our customers product demonstrations and training, discuss HPE strategy, and design HPE solution roadmaps.
